BERLIN July 19 Magnus von Levetzow who failed to chase the Jews out of Berlin or at least restrict them to the Ghetto resigned today under fire as Berlin police president and his post was filled by Count von Helldorf regarded as a violent anti Semitic

It was he who in 1929 organized the first anti Semitic demonstration on the Kurfuerstendamm where several Jews were beaten up this week in anti Semetic outbreaks

He was appointed to the post by Wilhelm Frick minister of the interior following a stormy meeting of Nazi party leaders and officials

To Purge Capital

An official statement issued following the meeting declared

It is the honorary task of the (Nazi) party the police and the city administration to cooperate and preserve the character of Berlin and make it worthy of being the capital of the Nazi reich

An anti Semitic campaign meanwhile developed openly In Schoenenburg a Berlin suburb banners were stretched across the streets announcing We do not want to see any Jews in Berlin Out with the Jews and similar messages

The official Nazi news journal NSK attacked the Berlin marriage license bureaus with a headline Is racial shame still tolerated in Berlin? Although no legal decrees exist which forbid the intermarriages of aryans and non aryans the city administration was berated for not forbidding such marriages at registration

Paul Joseph Goebbels minister of propaganda State Commissioner Lippert Police General Daluege Count von Helldorf and several other party leaders outlined future plans for making Berlin a city with characteristics of a purely Nazi town

By The Associated Press

DETROIT Mich July 19—Merton Ward Goodrich pleaded guilty today to the brutal murder of 11 year old Lillian Gallaher and was given a maximum sentence of life imprisonment at hard labor in the Michigan branch prison at Marquette

The guilty plea came a few minutes after the opening of the third day of the former trap-drummer's trial in recorders court following testimony by Dr David R Clark receiving hospital psychiatrist that Goodrich was not insane

The confessed slayer who had declared it must have been the other side of my nature which led him to entice the girl to his one room apartment here last Sept 20 attack and murder her stood trembling before Judge Henry S Sweeny as the sentence mandatory under Michigan law was pronounced

For two days the state had hammered at Goodrich's defense of temporary insanity and twice Goodrich had been on the verge of terminating the trial by pleading guilty

Today he asked one of his attorneys to move for a brief adjournment At its conclusion he said in the presence of the judge court stenographer and other court officials

Lets get this all over with I want to plead guilty

Returning to the courtroom Harry C Hanley attorney appointed by the court to defend the former inmate of an Ohio asylum for the insane formally entered the guilty plea

The crowd many members of which had waited since daylight for resumption of the trial was silent as Goodrich his lips moving heard sentence pronounced

CHICAGO July 19—John Dillinger the desperado whose death at the hands of federal agents last July 22 ended the world's greatest famous man hunt was described today by the woman in red as a criminal who delighted in reading newspaper accounts of his crimes

Mrs Anna Sage popularly supposed to have put Dillinger on the spot for the G men added details today to her story [illegible] she was found in Chicago

PROTEST FILED AGAINST ROUTE CHANGE PLANS

Petitions of Objection from Business Men Submitted at Highway Hearing Today

ROUTES 4 95 INVOLVED

Cooperation in Preventing Parking Congestion Offered as Alternative to Rerouting

With a state highway department hearing scheduled for this afternoon on proposed rerouting of two state routes in the uptown district petitions started by the Main Street Boosters association protesting against the change were ready for presentation at the hearing

[illegible] Kleinmaier president of the association said the protest petitions had been signed by several hundred merchants sales people office employes and professional men in all sections of the uptown district who feel that the proposal to take routes 4 and 95 out of the heart of the business section would be detrimental to business interests and the traveling public

Pledge Parking Cooperation

Mr Kleinmaier at the same time said that merchants clerks and professional men have made a voluntary pledge addressed to Mayor Bolin not to park their automobiles in the uptown district on busy days suggesting that this might relieve crowded traffic conditions sufficiently to make route changes unnecessary He pointed out that traffic congestion had been given by city officials as the principal reason for making the changes necessary

Petitions protesting against the proposed route changes and pledges to regulate parking in the business district were circulated simultaneously this week by seven volunteer workers Mr Kleinmaier said They are Mr Kleinmaier Carl Dannet Zeb Stout Wendell Wiant Chris Turoff George Alber Dallas Hartuff

Mr Kleinmaier explained that a group of merchants many of them members of the Main Street Boosters association approached the mayor several weeks ago when it was first proposed that the route changes be made Mayor Bolin he said suggested that the merchants prepare their opinions for submission at the hearing scheduled for this afternoon and the circulation of the petitions resulted from this suggestion the merchants being unable to leave their business to appear personally at the hearing

Proposed by Traffic Aid

The route changes originally were suggested by City Service Director C K Mercer with the approval of Mayor Bolin as a means of relieving traffic congestion in the uptown district A traffic survey by the state highway department has since been made and when a hearing was arranged by the department to seek public sentiment on the proposal

Mr Kleinmaier said a few representative merchants have been

MIDDLE ROAD TAX SUGGESTED

Would Leave Small Incomes as at Present But Get More from Bigger Figures

29 SCHEDULES STUDIED

Plan Considered Would Take Away Nearly Three Fourths of $10,000 000 Salary

By The Associated Press

WASHINGTON July 19—Strong favor is developing in the house ways and means committee for new income tax rates which would leave the smaller income taxpayer as he is but take away nearly three quarters of a $10 000 000 income The present tax on $10 000 000 is about 63 per cent

No decision had been reached by the committee which is studying 29 different schedules

Committee Democrats have singled out a middle of the road schedule for analysis by their own expert L H Parker chief of staff of the joint congressional committee on internal revenue He prepared statistics comparing the proposed new schedule with existing taxes as well as those levied in 1918 1919 1924 and 1928

No Raise Below $100 000

In its present form the schedule does not increase present rates on incomes under $100 000 a year It was said that while the lower limit might be dropped to $100 000 it certainly will not go below that

It is estimated that the new schedule if rates were not boosted on incomes below $1 000 000 would bring in $40 000 000 a year in additional revenue the rates though high would be below those of 1918 and in most cases under those of 1919

At present all taxable income is subject to a 4 per cent levy Beginning with the income over $4 000 a surtax is added That class gradually to 55 per cent of the income between $150 000 $200 000 and ranges up to 59 per cent on all income over $1 000 000

Start at 54 Per Cent

The suggested new schedule would make the surtax—to which the 4 per cent normal tax must be added 54 per cent on income in the $150 000 $200 000 bracket and then graduate the levy up to a maximum of 75 per cent on that portion of income which is in excess of $10 000 000

Thus on an actual basis a $10 000 000 income actually would be taxed $7 49 000 The tax on that income now is $6 211 314 In 1917 it was $7 077 500 In 1918 it was $7 077 500 in 1919 it was $7 233 190 in 1924 it was $4 564 and in 1928 it was only $2 493 634

TWO WOMEN IN LOVE TILT WITH KEATON

Wife Sues for $200,000, Claiming She Lost His Affections.

By The Associated Press

LOS ANGELES, Calif., July 19—The owl-faced expression of Buster Keaton was much in order today as he found himself the center of a possible court battle between two women.

Never likened to a dashing Don Juan, the "dead pan" screen comedian was being sued for divorce by his wife, Mae Elizabeth, who aimed a love theft suit at the wealthy Mrs. Leah Clampitt Sewell and demanded $200,000 for affections allegedly lost.

Pre-courtroom statements shaped up like this:

Mrs. Keaton—She stole my husband's love.

Buster Keaton—Why, I hardly know Mrs. Sewell.

Mrs. Sewell—I don't know anything about it—I was asleep.

Elaborating on her charges, the comedy star's wife said she found her husband and the [illegible] and seeing Mrs. Sewell together in a Santa Barbara hotel last July 4.

Keaton termed the charges "silly as well as amazing" and added, "if a divorce is what she wants then I want one, too."

"It was all just a 'gag'," echoed Mrs. Sewell, describing Keaton as a boudoir acrobat who, "just kidding, made a running jump and landed on my bed by me just as his wife walked in. I was asleep."

Barton W. Sewell, now seeking a divorce from the Beverly Hills society matron, recently linked his wife in a purported "mate swapping" affair with Walter W. Emerson, actor-writer, and his estranged wife, Jane.

KEATONS AND SEWELLS IN DIVORCE TANGLE

Naming Mrs. Leah C. Sewell, wife of Barton Sewell, millionaire Beverly Hills sportsman, as co-respondent, Mae Elizabeth Keaton, wife of Buster Keaton, has sued the film comedian for divorce. The action, filed in Hollywood, was accompanied by another suit for $200,000 against Mrs. Sewell, top right, for asserted alienation of affections. Keaton, top left, who rose to screen popularity through his frozen-pan antics, was married to Mrs. Keaton, the former Mae Scrivens Hawley, in 1933. Mrs. Sewell at present is suing her husband for separate maintenance as an outgrowth of the muchly-publicized Emerson-Sewell wife-trading divorce suit of several months ago.

Robert Hofstetter, Martel Cornetist, and Harold Denzer Jr. Play

Members of the Marion Kiwanis club heard with a musical program at their weekly luncheon meeting at Hotel Marion yesterday.

Harold Denzer Jr. of Marion played two piano numbers.

The cornet numbers were followed by several selections played by a musical trio, composed of Probate Judge Oscar Gast, saxophone, Bob Byrd, violin, and William Dowler, piano.

The Stars Say--

For Saturday, July 20.

A DAY of promise and advancement is forecast for those in the employment of others or those who may have "axes to grind" in connection with those in places of power and authority. It is a propitious time for approaching these for favors, privileges or cooperation in meritorious propositions. However, it would be well to exercise caution and restraint in linking up with hazardous or untried schemes. Slight changes may beckon.

Those whose birthday it is may find themselves on the eve of advancement, promotion, favors or increase if in employment. Those in power and authority may be disposed to lend friendly ear to such application but in all be careful with new and untried investments or other hazardous use of finances. Make changes carefully.

A child born on this day may be talented and ambitious, and may attract the favoritism of those in high places.

KENTON, July 19—Arthur Fink, Robert Thomas, Elmo Temple and Leo Siemon escaped serious injury Wednesday night when their car struck a bridge near Alger and overturned. Fink and Thomas are in Antonio hospital. The automobile belonged to Siemon but Fink was driving.

Varicose Veins Are Quickly Reduced and Distressing Eczema Goes Quick

There is a simple and inexpensive way to reduce painful, unsightly swollen veins and bunches to get them down to normal, and that is to apply Moone's Emerald Oil night and morning. People who have painful, enlarged veins should not neglect them for they sometimes burst and cause much misery and loss of time.

Moone's Emerald Oil, being an antiseptic, at once deters germ action and poisons caused by germs and is such a fine healing agent that [illegible] here itch, salt rheum [illegible] simple inflammation [illegible] tions often go in a few [illegible] too respond as well as [illegible] swellings.

For years it has been [illegible] boils, ulcers, abscess [illegible] sores, and with most [illegible] cess.

Your Health

BY DR. R. S. COPELAND

Nervousness

My child is very nervous what tonic or medicine do you advise

This is a common plea of many young mothers. Too many of them are upset because of the high strung and nervous condition of their children.

Sometimes a child is suffering from some constitutional disorder. Nervousness or irritability is not a disease but is a symptom of some disturbance in the body. This may be a glandular or other physical defect. A visit to the doctor will reveal the underlying cause.

Many mothers confuse nervousness with temper. A child may appear to be nervous and irritable when in reality he is suffering from temper tantrums. He may refuse food and actually lose weight.

Here the remedy lies in better guidance of the child teaching him obedience and patience. Bear in mind that obedience should be taught by intelligent direction and not through fear. The noble habit of obedience and recognition of kindly authority should be formed early in life. Once acquired it will last through the years.

Bad behavior so often regarded as nervousness is usually developed during infancy. The child learns that he can get what he wants when he cries loud and long enough. As he grows older he finds similar success in screaming, rolling on the floor, sulking or refusing food. When he reaches adult life he may [illegible] resort to such extremes [illegible] he is easily angered [illegible] to [illegible]

It [illegible] to be [illegible] but there is no denying that too often the home and parents fail to exert proper influence over the physical, mental and moral development of the child. Every parent must bear in mind that the young child has instincts and emotions. The emotional life is easily disturbed during the early preschool years. The young child is easily influenced by and is sensitive to the moods of those about him.

Nervous and high-strung children should receive plenty of nourishing foods. The diet should contain an abundance of vitamins, mineral and other health building elements. Make sure the youngster has a daily quart of milk and an abundance of fresh fruits and vegetables. The nervous child requires extra sleep, plenty of fresh air, sunlight and outdoor exercise.

POLICE ARREST 14 IN LIQUOR RAIDS

(Continued from Page One)

and entered in time to see Sunseera going upstairs with a pitcher in his hands. He dumped most of the contents out of the window before police could stop him De Wees said.

A 12-gauge sawed-off shotgun was confiscated in the raid at the Richard Stevens residence. It is illegal for a private citizen to have a weapon of this type in his possession police said.

All liquor wine and beer seized was home made with the exception of four cases of beer found at the Stevens home police said.

Chief Mackan said the Ruth Brown residence was raided on a sale warrant police had against her and when they seized the whisky Andrew Brown who was visiting there claimed possession of it and was immediately arrested on a charge of possession.

Ruth Brown was taken in on the sale charge. His efforts to shield her resulted in the arrest of both of them Mackan commented.

A comedy note was injected into the last raid when one of the colored women arrested was brought in. As soon as she saw Chief Mackan she started laughing and yelled Mackan youse is a viper son.

Chief Mackan had been laying plans for yesterday's raids since the last of May and evidence buys were begun June 2. Two investigators and one buyer were used in obtaining the evidence against those raided. All buys were made by the agent under the supervision of the chief.

Financed from Fund

The buys were financed out of the police criminal investigation fund.

The suspects were charged under the new city ordinance No 340? passed last December. Under the statute the maximum penalty that can be assessed is $1 000 fine and a six months jail sentence and the minimum is $100 fine. Police Prosecutor Z P Davis who will prosecute the cases said.

Of the 655 quarts taken in the raids 484 were wine 146 beer and 25 whisky. The raid at the Sansoffa residence netted a 52 gallon barrel of wine two one gallon jugs of wine one 10-gallon and one 2 gallon keg of wine 5 empty whisky jugs 40 5 gallon whisky cans and a large quantity of empty whisky bottles.

Other seizures were listed by police as follows: Uhano residence 65 quarts of home brew 21 quarts of wine a bottle capper and caps and a quantity of empty whisky bottles and jugs. Mrs Laura Boyd residence 69 quarts of home brew eight one gallon jugs of beer wine one half gallon of wine a 10-gallon jar and two six gallon jars of cherry wine a 10-gallon jar and an eight gallon jar of beer wine fermenting. Frank Fetter residence approximately three quarts of whisky. Mrs Lloyd Gillette residence approximately one pint of whisky and a quantity of empty whisky bottles. Politics in All Churches Fought

By The Associated Press

BERLIN July 19—Indications of a Nazi drive against politics in Germany Protestant churches as well as in the Roman Catholic were seen today.

Roman Catholic priests were warned against taking part in politics by Reich fuehrer Hitler's Voelkischer Beobachter.

On top of this the National Zeitung at Essen which is regarded as the personal mouthpiece of Gen Hermann Wilhelm Goering minister of aviation premier of Prussia and head of the secret police warned Protestants that opposition to Reichsbishop Mueller and German Christian Nazis could expect as hard a fight as the Catholic hierarchy.

PROTEST FILED AT HIGHWAY HEARING

(Continued from Page One)

asked to present the protests at the hearing this afternoon. He said they probably would refer to the parking pledges during the hearing as a possible means of reducing traffic congestion without changing the routes.

The petitions protesting the rerouting present the following five reasons why the routings should remain as they now are:

1 The main resident streets have been built up to serve both resident and tourist customers.

2 Heavy investments have been made by business men on these streets to adequately care for customer needs.

3 The wider streets prevail on the main traveled thoroughfares through the city.

4 The traveling public gets the best impression of our city by traveling through the business district.

5 With the possible exception of Saturday there is always available parking space in the downtown business district in fairly close proximity to the stores desired to be visited by the customers.

The petitions also state that since it is detrimental to the best interests of the vast majority of the business institutions of Marion and to the traveling public as well that these proposed changes be made we urge your earnest support in opposing said changes in the routing of the aforesaid state highway through our city. The petitions are addressed to F W Turner division engineer for the state highway department who was to preside at the hearing.

Rerouting Plans

The rerouting proposed by the State highway department would take routes No 4 and 95 away from the main section. Route 95 instead of being routed Church street to Main street Main to Center street and out West Center would continue on Church to Orchard street and then go north to Center. Under the proposed plan Route 4 instead of going east on Columbia street from Prospect street to Main and then north on Main would continue north on Prospect to George street and then east on George to Main and out North Main.

The movement to obtain pledges of business and professional men to help relieve congestion by parking their automobiles outside the heart of the business district on busy days principally Saturdays, is the outgrowth of a plan studied for several months by the Rural-Urban Cooperation committee of the Chamber of Commerce. Circulation of the pledges was brought to a head by the contention of city officials that congestion of traffic on uptown streets was the principal reason for seeking the route changes, Mr Kleinmaier explained.

The pledges call for their signers to agree not to park their automobiles within one block of the courthouse on Main and Center streets on Saturdays and special business days and to observe voluntarily the two-hour parking limit on other days."

"The pledges," Mr. Kleinmaier said, "are for the benefit ... shopping center and ... ing through ...

CHANGES URGED BY SURVEY GROUP

Switchboard Merger Could Save $5 800 Yearly Davey Is Told

By The Associated Press

COLUMBUS O July 19—The state departmental telephone system needs revamping the Sherrill government survey committee informed Gov Davey today and changes should be made in the mail and messenger service.

It reported the state could save $1 800 yearly by merging the switchboards of the liquor control and motor vehicle departments and another $4 000 by either installing a central switchboard in the state capitol or adding its telephones to the state office building switchboard.

Former Gov George White said at Marietta that good can come out of the Sherrill reports to further economies in state government.

Col Sherrill has estimated that if the recommendations of the committee are carried out along business like lines the state would save $5 000 000 yearly.

BAR CHIEFTAINS KEEP HANDS OFF NEW DEAL

Agree To Defer Until November at Least Any Expression of Opinion

By The Associated Press

LOS ANGELES July 19 — A hands off policy regarding President Roosevelt's new deal was adopted by the American Bar association as it neared the end of its 58th annual convention here today.

A decision to defer until November at least any expression on the new deal was reached yesterday when the association approved without comment the action of its executive committee suggesting the postponement of final consideration of the report by a special committee named to determine the effects of the new deal on the rights and liberties of the American citizens.

The executive committee of 15 members recently stood 14 to 1 favoring approval of the report.

Neither the special committee nor the executive committee members would disclose whether the report praised or criticized the new deal.

Another subject which developed controversial elements a report pertaining to the Hauptmann trial also passed through the general session without alterations.

A portion of the report as originally presented by the committee on cooperation between the press and the bar criticized attorneys for the defense and the prosecution stating they took advantage of the situation and by personal interviews with the press and by talks over the radio seemed wholly to disregard all of the accepted rules of dignity and ethics with which the profession and the courts have sought to surround the trial of a man for his life.

Association leaders said they expected no serious opposition to the reelection of William L Ransom of New York as president.

HOPKINS KEEPS BUSY WITH WORKS RELIEF

Reports 403 000 Have Already Been Given Jobs Under $4 000 000 000 Program.

By The Associated Press

WASHINGTON July 19—Harry L Hopkins was busy today trying to fulfill his promise that a substantial number will be given work relief jobs before this month is up as other administration leaders began a study for next year's program.

Yesterday Hopkins said 403 000 persons had found work in the present four billion dollar program intended to lift 3 500 000 from dole to jobs. There included 15 000 on rivers and harbors and 388 000 in the civilian conservation corps. Hopkins predicted all federal direct relief can end Nov 1 when he said states and cities must assume support of an estimated 1 000 000 persons.

At the same time a White House conference that included Secretaries Perkins and Morgenthau and Frank C Walker head of information and applications for the present work relief program discussed next year's program.

Officials said the national resources board is planning projects and the federal government will continue its policy of jobs instead of dole.

Secretary Perkins said she believed unemployment will drop during the coming year but with other conferees declined an estimate on the cost of next year's program. Chairman Buchanan (D of Texas) of the house appropriations committee recently mentioned three billion dollars as a probable figure.

SNOWED IN TILL NOVEMBER

By International News Service

MELBOURNE — The Gribble family, occupants of the highest house in Victoria, situated on the peak of Mount Hotham, are snowed in until November. In their mountain home, blizzards, deep snowdrifts and icy temperatures keep them prisoners. But they aren't worried. Mrs. Gribble laid in a ton of flour, half a ton of sugar, *hundreds of tins of meat* and fruit, a ton and a half of potatoes, many hundredweights of turnips, pumpkins, parsnips, and onions—and 1,000 pounds of meat.

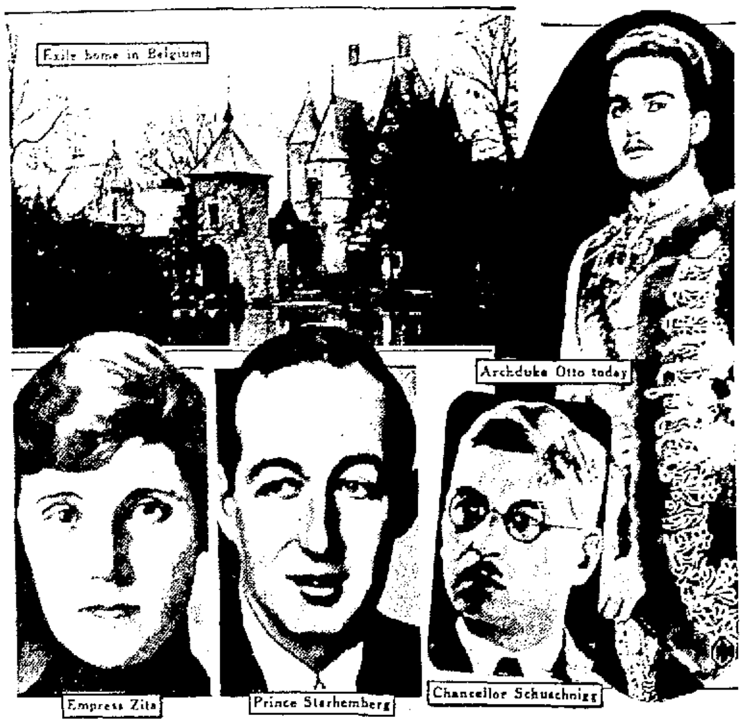
EUROPE STIRRED BY PROSPECT OF HAPSBURG RESTORATION



Prospects of an early restoration of the Hapsburg dynasty to the throne of Austria have grown brighter with the steadily increasing monarchial sentiment among citizens of the old empire. Archduke Otto, pretender to the throne, has been trained for his royal position constantly since the exile of the royal family 17 years ago. Their feudal castle in Belgium, near Brussels, has been the scene of intensive royalist activities, directed by the ambitious hand of the former Empress Zita, widow of Carl IV. The action of the Austrian government in approving a bill paving the way toward restoration of the Hapsburg properties and former power was seen as further indication that Chancellor Kurt von Schuschnigg and Prince Ernst von Starhemberg, head of the Austrian storm troops, favored placing the young archduke on the throne. Europe is concerned over the possible effects the return to power of the Hapsburg dynasty would have on world peace.

FINES DECREED FOR ILLITERATES

By International News Service

PEIPING—Illiterates in Nanking who have not mastered 1,000 characters by May 1, 1936, will be subject to a fine. After that time policemen on the street may stop individuals and examine them in simple Chinese.

Failures will bring down an immediate fine.

The present drive was inspired by the fact that 470,000 people in Nanking between the ages of 6 and 50 cannot read and write. It is hoped to reduce that number by 79 per cent within a year. The number represents 50 per cent of the capital's population.

In addition to the "ignorant people's tax," heavier fines will be levied on those responsible teaching the illiterate. Under the new scheme of compulsory literacy, heads of families are entrusted with seeing that members pass the tests. Shop and factory owners are held *responsible for* their assistants.

BIBLE CLASS HEARS TALK BY PROFESSOR

C. J. Ariss, professor of history at North Central College at Naperville, Ill., talked on "Training for Service" at a meeting of the Emma Baxter Bible class of Calvary Evangelical church last night with Mr. and Mrs. Harvey Zachman of 1167 Mt. Vernon avenue.

Preceding his talk there was a potluck supper for the class members and their guests, members of the Men's class. Mrs. C. R. Berrow, teacher, offered prayer. Finch's orchestra furnished music. A stunt in which the group participated was a feature of the social hour. The members will have a noon picnic dinner Aug. 25 at the home of Mrs. Paul Lill of the Bucyrus road.

Homegrown Produce Leads Marion Market Offerings

After a week of intensive activity, Marion markets have settled down to a [illegible] of [illegible] produce, most of which is [illegible] grown.

Chief among the arrivals from other sections are new sweet potatoes from Alabama and [illegible] grapes and new [illegible] from California.

Grapefruit Shipments Stop

Shipments of new summer grapefruit from the Pacific slope have stopped, but dealers anticipate a renewal within a week or 10 days. Several markets have a few [illegible] from the large shipments of last week. They're much sweeter than winter grapefruit and are of fine quality, dealers said.

While homegrown peas have [illegible] tables [illegible] not do without that vegetable. [illegible] California peas have replaced the homegrown variety. [illegible] due to a between-season [illegible] California and Arizona [illegible]. They'll start shipments on the latter in about 10 days.

Peach Season Near End

Dealers report the last crop of yellow Alberta peaches from Georgia is on the way, and the price is favorable for canning. They run about $2 a bushel on most stands. Black and red raspberries also are making their last stand.

Other produce arriving from other sections include excellent quality honeydew melons, large cherries and egg plant, all from California.

GREEN-EYE BLOND IS SOUGHT AS SPY

By International News Service

TOULON—A beautiful, young [illegible] blond is being sought by [illegible] secret service [illegible] in connection with the arrest of an aviator here, charged with espionage.

[illegible] Paul Rolland, 27, was suspected of selling military secrets and when arrested was discovered in possession of important documents and plans relating to latest types of French fighting and bomber airplanes.

Police state Rolland had been spending money lavishly while on vacation this year at the fashionable resorts of Hyeres and Carqueiranne, where he was constantly seen in the company of the green-eyed blond.

When this mysterious blond continued to drive over to Toulon from Nice in an expensive pearl-grey automobile, police concluded it was no romance and arrested Rolland.

The girl is believed to have fled over the Italian frontier.

IN TRAGIC CLIMAX

The brief, sensational career of beautiful Julia Graham, (above), 27, former Sistersville, W. Va., choir singer who crashed the movies by twice attempting suicide, came to an end when her unclad body was found with a bullet hole in the left temple in the Los Angeles apartment of Benjamin F. Reynolds, film cameraman. Questioned by police, Reynolds said Miss Graham had spent the night with him and that he awakened to find her crumpled body at the foot of his bed. FREE VICTROLA RECORDS.

By International News Service

BERLIN—One new phonograph record for two old ones and a few cents. With this slogan the German phonograph record industry has started a campaign for a collection of old "plates," as the Germans call them, in order to get fresh shellac. Shellac has to be imported and importation is now curtailed owing to the lack of foreign exchange. The campaign lasts from Aug. 1 till Sept. 1.

PIG SQUEALS ON HIM

MUSOGEE, Okla.—A drunken sow was blamed for the downfall of George W. Romine. Noticing a brood of pigs watching their mother stagering quite unlady like a U. S. marshal arrested Romine and charged him with violation of federal internal revenue laws. The marshal asserted the sow had partaken of some whisky mash.

DOCTOR WINS FAME IN RURAL SERVICE

Known Throughout World. Continues Work in Community.

By International News Service

CLINTON, Mass.—Fifty-six years ago, newly graduated Dr. Walter P. Bowers left Harvard for a life of hardship and unpaid service as a rural physician.

Today his service to his community and to the field of medicine is recognized through the world.

Dr. Bowers, the humble country doctor who sped to the homes of his patients in a rickety horse and buggy on stormy nights, who lived without the comforts accessible to his city colleagues, recently sat on the Harvard platform with such men as Albert Einstein, Thomas Mann, Henry A. Wallace, William Allan Neilson and William Allen White to receive an honorary degree.

One of eight children of a Baptist minister earning $500 a year in Clinton, young Bowers entered Harvard Medical school at 20. Working his way through, he graduated with honors in 1879.

Back in Clinton he married and began the strenuous life of a country doctor. On call day and night, young Dr. Bowers kept four [illegible] 24 hours a day.

Among his greatest individual triumphs was the performance of an appendicitis operation on a kitchen table. It was the first operation of its kind in this part of the state.

In 1921 Dr. Bowers became managing editor of the Boston Medical and Surgical Journal, continuing when the magazine became the New England Journal of Medicine in 1928.

But with his editorial duties Dr. Bowers never neglects his practice. Before leaving for his Boston office in the morning and after returning to Clinton at night Dr. Bowers is still on call.

HELD FOR NOT "HEILING."

By International News Service

BERLIN—Three days detention for "gross misdemeanor" was the punishment dealt out by a Nordhausen court for an unnamed elderly man who refused to render the German greeting "Heil Hitler." In court the defendant argued that he was accustomed to bidding people good morning, good day and good night and he said "This is meant to include the Fuehrer too."

ACCEPTED by Science and the American People

Laboratories have devoted years of research to discover the facts about bran. These tests show that Kellogg's ALL-BRAN is a natural laxative food for normal people.

As a result, ALL-BRAN has been accepted by the American Medical Association Committee on Foods, and approved by Good Housekeeping Institute.

Millions of Americans use ALL-BRAN to correct constipation due to insufficient "bulk" in meals. For ALL-BRAN supplies generous, mild "bulk," which continues to be effective when used for months. ALL-BRAN also furnishes vitamin B and iron, an element of the blood.

Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

How much better than taking patent medicines! Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

WIDOW KILLER MUST DIE IN CHAIR NOV. 1

Three Judges Convict Defendant of First Degree Murder in Norwalk Case.

By The Associated Press

NORWALK, O., July 19—Ethol Lamphier, 45, faced death in the electric chair Nov. 1 for the slaying of Mrs. Katherine Wilde, Norwalk widow.

Three judges convicted Lamphier of first degree murder late yesterday and fixed the date of his electrocution in Ohio penitentiary. The judges found that Lamphier killed Mrs. Wilde while attempting criminal assault.

Lamphier pleaded guilty to the murder charge and the three-judge court heard evidence in the case to determine the degree of guilt. The court was composed of Judges E. G. Martin of Norwalk, Walter J. Mougey of Wooster and Charles H. Huston, of Mansfield.

In a clear voice yesterday, Lamphier told of his visit to the Wilde home on the night of June 24. Mrs. Wilde's body was found the next day.

"I went there to get some ties that belonged to me and that Mrs. Wilde had refused to give me," Lamphier said.

"I entered the side window and stopped in the dining room. Then I heard a noise. I went to investigate and bumped into Mrs. Wilde in the doorway of the bed room. She screamed.

Lamphier said he tried to stop her screams and that he picked her up when they fell to the floor.

"She tried to get away and we fell the second time near the foot of the bed. I picked her up again and carried her to the bed. She was still breathing."

Lamphier was arrested after fingerprints found in the home were found to correspond with his.

Lamphier will be taken to Ohio penitentiary Aug. 16, county officials said.

Fortune Hunters Break Jinx To Get Sunken Gold

Believed To Have Found Hulk of Sloop That Contained $10,000,000.

By The Associated Press

LEWES, Del., July 19—The jinx that stood guard for 110 years over the treasure chests of the sunken sloop De Braak was broken today and a band of fortune hunters were convinced they had located the privateers' $10,000,000 cargo.

From the shifting sands off Cape Henlopen in the depths of Delaware bay—where the British sloop sank in 1789—a diver dug a carved old wooden railing in place the treasure site.

Randolph MacCracken, great-grandson of the De Braak's skipper, said the rail was undeniably a piece of the sunken hulk.

Content with his word, the leaders of the salvage expedition, Charles N. Calstead of Attleboro, Mass., and Richard T. Wilson of Providence, R. I., hurried to New England for equipment to raise the wreck.

Throughout the nineteenth century, the wreck attracted treasure seekers.

A stock company was organized *in Philadelphia 50 years ago* and after large sums had been spent without result the project was abandoned.

Three years ago, the Baltimore Derrick & Salvage Co. tried to raise the sloop. One of its salvage ships caught fire and was destroyed.

The jinx scared off all comers after that until the New Englanders arrived.

M'NARY OFFERS BILL ROOSEVELT SPONSORS

G. O. P. Leader's Action on Power Issue Provides Talk on Capitol Hill.

By The Associated Press

WASHINGTON, July 19 — A capital still agitated by the power struggle found food for thought today in a situation which finds the Republican leader of the senate offering a bill to carry out a major phase of the Roosevelt power program.

It was taken a striking new indication that the electricity controversy—like so many other issues in recent years — is one on which neither party always lines up solidly, pro or con.

The setting was a White House conference at which Sen. McNary *of Oregon, senate minority leader,* agreed to introduce a bill providing for the administration of the Bonneville dam project in Oregon and the sale of power generated there.

Sale of power under the Tennessee valley project has been one of the chief focal points for attack on the administration in the courts and from some political leaders. It had been hailed by Republicans of the more conservative kind as a promising campaign issue for 1936, as an instance of government competition with private business.

In some respects the Bonneville project is similar to TVA.

*Friends of the Republican lead*er said there was no political significance in his introduction of the bill.

HAS LEAD MINE

Thirty Tons of Lead in Ground of Trapshooting Society.

By The Associated Press

VANDALIA, O., July 19 — Ray Loring, manager of the home grounds of the Amateur Trapshooting association, where the Grand American will be fired Aug. 16 to 22, is looking forward to a bit of lead mining after the marksmen have departed.

Each year the lead pellets from the guns make a veritable mine of the area in front of the traps. No lead was taken from the fields after the 1934 classic, and this year's deposit will be added before mining operations are resumed.

The association has 20 tons of melted lead stored away here.

CLUB MEETS AT MEEKER

Iva Mawer of the Meeker Girls' 4-H club gave a talk on a camping trip at a meeting of the Boys' 4-H club Monday with Catherine Scholte. Reports were made by Martha Neville and Gordon Field. The club will meet July 22 with Billy Scott.

MARTEL CLUB MEETS

Velma Kellogg and Dora Dittaver were named leaders at a meeting of 15 members of the Martel Busy Stitchers 4-H club Wednesday at the school. The next meeting will be held July 31.

Thanks 'Vendol' For Her Relief

MRS. LOUISE STAMM

Mrs. Louise Stamm residing at Lunaville, Ohio, near here, says: "Vendol put an end to dizzy spells, spots before my eyes and headaches. I used to wake up of mornings feeling tired out, drowsy and no energy to begin my daily work; but since Vendol relieved my constipation and quieted my nerves, I sleep so sound that I get up feeling rested and refreshed."

Vendol is made from juices of roots and herbs that mix with the juices of the stomach and quickly relieves indigestion, gastritis, sourness, heavy feeling, belching and cramps. Vendol corrects constipation and soon has the bowels moving regularly. Purges the liver which ends dizziness, spots before the eyes, headaches and bad breath. Relieves backache and painful joints. Quiets the nerves so that sleep becomes sound and restful.

Vendol is sold and recommended by W. N. Sams Pharmacy, 121 So. Main Street, and by all leading druggists throughout the Marion neighborhood.—Adv.

SCHOOL BOARD ERS LOSE PAY

Opinion

Marion county board out of the county board of education fund.

The mileage payments to the county board members averages from $1.60 to $2 a person for each meeting, Mr. Mills said.

The repeal of the allowance will not affect members of the city board of education who have never received compensation, or members of village school boards, who were not granted an allowance under the former law.

REVENGE TRIPS UP MODERN DILLINGER

By International News Service

CHICAGO Hatred engendered by a quarrel over a girl has brought an end to six years of almost nightly robberies by a trio that, in the words of its leader, "made the Dillinger gang look like a bunch of pikers."

A gun girl and two men were locked up and from one of the men, James Trelford, came a full confession based his hatred for Michael Grue. Grue's sister, Jean, was the girl arrested.

Trelford said the trio had robbed theaters, hotels, cafes, stores, filling stations and saloons during the six-year career of crime. Arrested with the girl, Trelford told authorities where Grue might be found. He explained:

"See these scars on my face? Grue put them there last Saturday with a broken whisky glass because he didn't want me to associate with his sister. Go and get him."

Classes in mine rescue work have been established in an English university.

RICH UNCLE LEAVES HIM MILLION

Everyone dreams of inheriting a fortune from a rich uncle but it was Abraham Starr, poor East Side New York foundry worker, who saw such dreams come true when he was told he had been left $1,000,000 by an uncle he hadn't seen or heard of in 35 years. Shown here with his wife, Starr said he would give her the money, and she said she would give it to their children and poor friends. (Associated Press Photo)

BLIMP REFUELED WHILE IN THE AIR

By International News Service

MOSCOW—Fueling a dirigible in flight is the latest aerial experiment made here. The old airship V-1, recently constructed, has been fitted with an apparatus with which it can pick up tanks of gasoline from the ground, while itself at a height of from 120 to 150 feet.

In a recent test, the dirigible took aboard enough fuel to last for 13 hours. The same apparatus can be used to load and unload cargo, without landing or stopping the ship, it is claimed.

[illegible] a curious chap [illegible] the time this se[illegible] domestic life on [illegible] not impress him [illegible] thoughts were

more taken up with a new covers he had made Mrs Steele was in love with Rex Moore Her husband was dead. And if she could she was going to make trouble between the airman and his wife

Before he left he made another discovery Or at least he knew for certain a fact that had been open to doubt before

He caught Laurie looking at her husband from outside the little group that surrounded him He saw something he had never seen before in her face She was unaware of anyone else in the room Her defences were down A moment of emotional crisis held her in thrall Her eyes were shining on her lips was a little trembling smile of infinite sweetness and pathos

Albery knew once and for all Laurie Moore loved her husband whether she was unhappy or not And beneath his impassive mask as he bade the airman good bye his jealousy passed the first milestone on the road to madness

Gladys had not attended the luncheon party She had gone off quite early looking like a flower picture in honey colored muslin with a little crochet woollen coat like a baby's the very latest summer gadget and a drooping hat with peach colored velvet ribbons She was spending the day she said with the family of her best girl friend in the troupe who lived in Streatham

She came in later than usual and Laurie had never seen her looking more lovely Excitement and nervous elation were in every line of her face and of her slim body

Rex Moore was out and Laurie eagerly questioned her sister about her day

Yes Gladys had had a very nice time But rather quiet. She was tired of cinemas and so were her friends They had danced a little to the gramophone after supper

Did nobody see you home Glad? Laurie asked rather uneasily

No Why should they? Laurie I'm not a baby It's time you awoke up old girl

I know you're not a baby Laurie answered She was tired indeed worn out by the exertions of the day physical and mental and her temper was rather frayed But Glad you don't need to pick on me You know I'm only silly about you as I've always been

As a matter of fact Gladys did not really understand why Laurie had been silly about her During those dreadful days in Sydney when she was in the hands of a gang of rough men and depraved women she had been hardly conscious of what was happening to her and after her rescue the almost mortal illness and the weeks in hospital had wiped all memory from her mind

I say Glad Laurie went on who do you think was at my lunch party today? Lord Dagenbury—he's the head of the biggest wireless parts manufacturing firm in the country He was very anxious to meet Rex and Mr Albery brought him And who do you think he turns out to be? The father of that young man we met at Fen Gretton the other week end Mr Dallas

Oh how quaint exclaimed Gladys in a surprised voice And what's the old man like?

Oh awfully interesting Laurie told her in her enthusiastic way He sat beside me and the things he told me that wireless was going to do simply made me gasp You'd never think that young man was his son

Why not? What's the matter with his son? I thought he was awfully nice

I didn't. I thought he was impertinent and conceited I took quite a dislike to him I never can stand a man with big ears that stick out from his head Glad I've met a few in business and there's always something wrong with them

Gladys laughed merrily She did not tell her sister that she had been spending most of the day reclining in a punt in a shady backwater of the river with that same young man Or that she had dined with him in a roadside house with a marvellous band and the most famous crooning tenor in the world O that he had just driven her home and left her a few yards away from the front door

"By the way Glad, Laurie went on your boy friend hasn't turned up yet—the one who gave you the cigarette case and the sapphire pin? You said he was coming to London and you were going to ask him to meet me"

No I forgot to tell you I had a note from him a few days ago. He's gone abroad

At which Laurie heaved an inward sigh of relief

The next day was Whit Monday

In the morning Rex Moore was alone in the flat Laurie and Gladys had gone to spend the day with one of Laurie's girl friends from the office who had been lately married and was now installed in her home

Moore was going into the country at noon to make another secret test of the new fuel again in a motor car As they would not risk Brooklands he was trying it out on Albery's small private track

It was 10 o'clock Mrs Budd had done her work for the day and was gone

The door bell rang

Moore shook himself impatiently He was surrounded with maps and deep in his plans for the Pacific flight

But he went to the door and found outside the slim young one-armed man with the yellow hair and the neat moustache and heavy lensed spectacles who had called on Laurie to ask for an interview about a fortnight ago

At the sight of the airman he smiled in a confidential way

Rex Moore What luck to find you in he said with his strong Australian accent I'm very keen to have a little chat with you

Gavin Drake turns out to be someone else again tomorrow

Dicky Warns Jack Leslie Never To Bother Mary Again

DICKY always has referred to Jack Leslie as the capering c[illegible] but I realized as the desperate fellow voiced his frantic protests at arrest by the state trooper that the word rat was the only one which fitted him

He would bring Mary's name into the controversy in an [illegible] minute if he were not stopped barking upon his [illegible] fence in his own disguise [illegible] real his identity and leading the state troopers to believe that she was the girl friend he was seeking.

And then Dicky's voice deadly menacing said slowly

"So Jack Leslie you have decided to come out into the open"

"Who's that you called me?" he stammered "That's not my name How would you know anyway? I never set eyes on you before"

"No?" Dicky countered with a rising inflection "We'll just waive that for the present Here's someone who will identify you as Jack Leslie Madge what do you say about this bird?"

"Without any question this man is Jack Leslie" I said and unquestioningly identify his voice and his features

"You liar" the man rasped but the stalwart state trooper forestalled Dicky's quick rush toward the man by putting his own body between them and clapping his powerful hand over Leslie's jaws

"We'll attend to him Mr Graham" he said significantly "You don't want to ask him any more questions do you?"

Dicky Warns Leslie

"No but I've got something to say to him" Dicky returned and the trooper [illegible] at the man he was guarding

"If I take my hand away from your trap will you keep it shut?" he asked Leslie nodded his head silently

"All right" the trooper said [illegible] but just remember I'll be right here on the job if you start anything"

[illegible] Leslie [illegible] Dicky [illegible] toward me and Dicky pointed an [illegible] at him

"There are just two things I want you to remember Leslie" he said "One of them is that I have your number on several things besides the illegal entry into our premises tonight

"The second thing" Dicky went on steadily [illegible] "You have seen fit for some reason of your own to make inquiries about a member of my [illegible] with whom you cannot possibly claim friendship [illegible] If you ever [illegible] you never will [illegible] see"

Leslie Is Angered

Leslie's face was [illegible] with fury and he opened his lips to speak but as the trooper took a menacing step toward him he subsided again

"I am not promising you anything remember that" Dicky went on [illegible]

[illegible]

he's locked up safely I'll get down to see you about the case tomorrow

YANKEES HAVE LEAD SLICED AS BROWNS WIN 11-INNING TILT

Pinky Higgins Homer Downs Indians Giants Win Battle Over Reds

By HUGH S FULLERTON Jr
Associated Press Sports Writer

[illegible] and Yankees [illegible] watching their leads [illegible] steadily the last two weeks. The margins may be [illegible] when the Tigers [illegible] to take on the Yanks [illegible] St [illegible] with the Cards [illegible]

The [illegible] margin was chopped to 1½ games yesterday when the New Yorkers lost an 11 inning battle 4 to 1 to the cellar dwelling Browns. The Giants escaped from Cincinnati with a [illegible] 12 frames to beat the Reds 3 to 2.

Fail to Bunch Hits

[illegible] the Yanks have [illegible] with St Louis while the Giants [illegible] the Cubs who have been [illegible] lately.

The Yanks failed to bunch their hits off Jack Coffin and cost them the decision for Charley Ruffing pitched five hit ball for 10 frames before he finally allowed the odd run. Then Pat Malone forced in two more tallies with passes.

The Giants worked the other way scoring twice in the ninth with the aid of two errors and a passed ball then batting out two more off relief flinger Don Brennan in the 12th.

The Tigers meanwhile slashed into the Yanks lead by bowling over the Red Sox 8 to 0 as Schoolboy Rowe pitched a five hit game and nicked his mound rival Wes Ferrell for three important blows.

The Cardinals still playing as if every pitch meant a pennant beat the Braves 13 to 3 for their 11th consecutive victory. Paul Dean gave five hits while Burgess Whitehead led an 18 hit attack with four blows. Bill Delancey and Pepper Martin socked homers.

The Cubs put on a hitting spree to remain four games behind the Cards as they trounced the Phillies 11 to 7 with the aid of circuit swats by Chuck Klein Augie Galan and Frank Demaree and some brilliant relief hurling by Charley Root.

Brooklyn regained fifth place by knocking off the Pirates for the fourth straight time 5 to 3.

Diggers Forced To Share Second Place With Victors

Silk Mill Virtually Cinches Title, W & D To Meet Huber Team Tonight

SNAPPING out of a lethargy which gripped them in [illegible] innings the Gasco [illegible] turned back the Steam Shovel Diggers last night under the lights at Lincoln park 5 to 4.

[illegible] in the [illegible] enth inning [illegible] sent them into a [illegible] with the Diggers. Both nines are [illegible] the [illegible] club will [illegible] straight victory in a twilight [illegible] in park topping the Walters & Diebennett team.

Walters and Diebernet slipped to fourth in the league standing but will have a chance to push over the other two and [illegible] for a share in the runner up position tonight. The W & D nine will play off a 4 to 4 tie game with the Huber aggregation under the lights at 9 o'clock.

Others Climb

Other Industrial circuit teams to [illegible] in twilight games [illegible] were the Huber and Axe Funeral Home. The Hubermen spiked the Pollak Steel nine at Crifield park 5 to 4 while the Axe team won its second game of the year downing the Hamburger Inn 9 to 8 in eight innings at President field.

The Shovelers built up a 4 to 1 lead in the early part of the game scoring four runs off Shorty Richards Gasco starter on the mound in three innings. Maurie Whitcum who had pitched one of the Gasco victories in the Columbus tournament Wednesday was called in to finish the frame. He allowed the Steam Shovel batsmen only two hits for the remainder of the tilt.

Gasco received its first run in the opening inning as a handout. Bobby Zahn leadoff man connected got to second on a walk and came home when Tommy Andrews overthrew third base in an attempt to catch Zahn stealing.

The Shovel team collected all of the breaks until the last inning. Jones had the Gasmen popping and driving into the hands of his fielders. A double play by the Diggers at second and home on an attempted double steal cut down a Gasco threat in the fourth.

Diggers Take Lead

Cliff Ward scored in the first inning for the Shovel nine. He walked was advanced to second and came home on Bill Anspaugh's single. Two more were scored in the second when Klingle walked Andrews singled and Don Cressap brought them home from third and second with a clean single to right field.

Anspaugh Shovel center fielder poled out the longest hit of the game to lead off the third frame hitting a long triple to deep right field. He scored when Jones singled but the next three men were retired in order as Whitcum took the slab.

The Gasco last inning rally started after one man had been retired. Whitcum singled and Richards was safe when Ward dropped his fly to left field. Jerry Neimeyer got a free ticket and Cubby Callant brought the two runners home with a double. Pony Lashey Gasco left fielder got his third hit to score Callant with the winning run.

Lashey had walked from the plate when Jones thought a quick [illegible] pitch [illegible] first [illegible] runners were [illegible]

The Steelmen evened the [illegible] at two all in the second inning and took a 4 to 3 lead in the fourth. Massie walked in the tying [illegible] Huber [illegible] in the fifth. Fans Take Advantage of Cool Night Games

With Marion in the midst of a heat wave sports fans are taking advantage of the cool air at Lincoln park to witness night softball games and to get cooled off before attempting to sleep.

A good sized crowd saw the Gasco Steam Shovel game last night and another large group is expected tonight at the Walters and Diebernett and Huber tussle at 9 o'clock. Fans report that the Lincoln park diamond is one of the coolest spots in Marion.

A new policy will be strictly enforced by softball commission at games next week and for the remainder of the season. All children will be charged a five cent admission fee and only one free admission will be allowed players on the night they are working on the field.

A dinner and round table discussion Saturday night for city league umpires is expected to iron out many of the difficulties officials have encountered this season. The dinner starting at 6 o'clock will be free to all officials. They are asked to make reservations with Elmer Shaw at the Y M C A.

ARRANGE CLEAN BOUT FOR MONDAY NIGHT'S WRESTLING PROGRAM

La Rance To Meet Dr Cosneck, Prince To Appear Against Lon Chaney

A swing to the right for those [illegible] all mat fans who like to see a clean and scientific wrestling match [illegible] made Monday night [illegible] weekly program at the open air arena [illegible] avenue.

[illegible] LaRance of Montreal the French Canadian who gave a brilliant performance here last week and Dr Barney Cosneck the former University of Illinois grappler will meet in the feature event of a double main go program. Both are fast and clever.

Cosneck who has appeared here four times recently has never encountered a foe [illegible] who would allow him to display his mat prowess. LaRance is expected to test Cosneck's skill far more than the four rough and tumble artists LaRance [illegible] of Canadian [illegible] former Dominion amateur champ showed some new mat skill to fans against Ken Hollis. His use of the whip hold won him two falls from the tough Hollis. His cartwheel turn out of a hammerlock was also new to local followers.

Those who like their rough play will get it in the main event to follow the opener. Prince MaHall[illegible] who wrestled here some time ago will return to meet the husky Lon Chaney of Indianapolis. The Mohammedan prince recently received nationwide attention from his leap from the high level bridge in Toledo.

The jump 50 feet higher than any tried before was witnessed by 30 000 people. The most serious casualty the prince suffered was a skinned nose.

A 20-minute opener at 8 30 o'clock will start the program. Both main events will be over the usual hour and a half time limit route with two falls to win.

FITZ GETS GOING

FREDDY FITZSIMMONS

Fat Freddy Fitzsimmons threatened with sidetracking as a member of the New York Giants famous pitching Big Four for a while has hit his stride. Freddy for whom the Giants failed to produce a run through 40 painful innings last fall has solved that problem at least. His first four hard earned victories this season all were shut outs.

GLENWOOD UPSETS MARK STREET TEAM

Leaders in Gra Y Softball League Handed First Defeat in Close Battle

Glenwood pulled the big upset of the season in the Gra Y indoor softball league at the Y when they defeated the strong Mark Street team 1 to 0 in a seven inning game Thursday afternoon. The game was a brilliant pitchers duel between C Everly of the Glenwood team and Roseberry of Mark Street. Glenwood scored their only run and winning tally in the first inning when Roseberry was out of the lineup and Brady took his place on the mound. The winners secured on three successive hits to get their lone tally.

Roseberry went in to pitch in the second inning and held the winners scoreless for the remainder of the game. His team mates however failed to hit behind him and the Mark Street team went down to defeat. C Everly pitched a great game for the winners holding them to three [illegible]. He struck out 15 batsmen while Roseberry set 11 down via the strikeout route.

Silver Street Gra Y won the second game of the afternoon when they defeated Oak Street 6-2 in a five inning contest. Silver scored three in the first inning and three in the third while the losers scored both of their runs in the final inning.

The Gra Y league will wind up their schedule next week with Olney and Greenwood meeting on Tuesday afternoon and Mark and North Main playing Thursday afternoon.

An indoor track and field meet will be held the *following* two weeks to complete the summer season for the Gra Y clubs. Schedules may be set forward however so as to give the boys a longer period before school opens.

The Greenwood Gra Y club will enter the track and field meet along with the six regular clubs. The Greenwood club was organized too late to be included in the softball schedule.

Standings in the Gra Y indoor softball league are
